

Solving by adding up pieces is best.

Solving by subtracting a piece is best.

It's easier to find constant rate of change from a graph.

X	y
2	3
4	6
6	9
8	12
10	15

It's easier to find constant rate of change from a table.

Mechanical Waves

The best super villain power is control over...

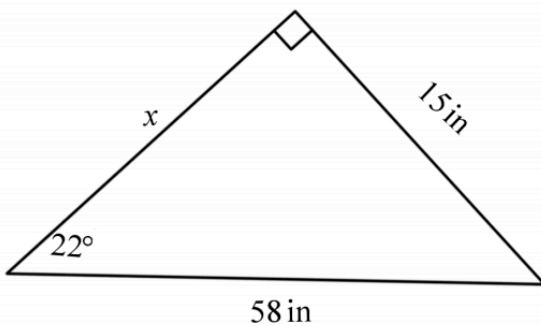

Radio/Micro/Infrared waves

This sequence is geometric

3, 7, ...

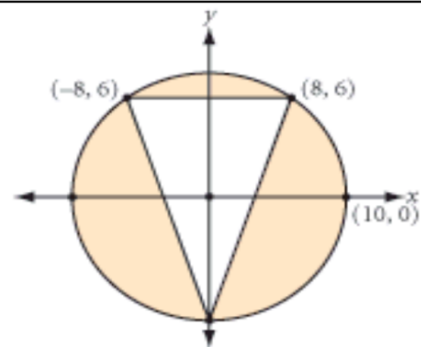

This sequence is arithmetic

Solving for x using cosine is best.

Solving for x using sine is best.

Solving by adding up pieces is best.

Solving by subtracting a piece is best.

This element is best as a Solid

This element is best as a Gas

Digestive

The most important
body system is...

Nervous
